

Air Partner enters into strategic partnership with AirCargoGroup

Air Partner, a leading provider of air charter services to governments, corporates and high net worth individuals, has entered into a strategic partnership with AirCargoGroup (ACG), the Global Association of Leading Neutral Airfreight Wholesalers and Consolidators. Air Partner will be a preferred vendor and associate partner and shall consult ACG group members on cargo charter and project air solutions.

The agreement shall also enable Air Partner to make use of ACG's neutral airfreight wholesale and handling services worldwide, as well as its blocked space agreements with commercial airlines for its part charter requirements.

Stuart Smith, Business Development Manager Freight at Air Partner, commented: *"This partnership is a good strategic move for both Air Partner and ACG: Air Partner offices worldwide will have global access to neutral airfreight professionals for our part charter procurement and full charter handling requirements, while ACG can now benefit from value-added charter solutions to its freight forwarder customers. We believe we have found a partner who shares a similar set of values to ours."*

Christos Spyrou, Executive Director of ACG, says: *"We are delighted to welcome Air Partner into our association as an associate partner and vendor. This new partnership will be beneficial for all ACG members who can now offer Air Partner's neutral full charter solutions to their customers."*
