AIR PARTNER INTRODUCES £1 MILLION JETCARD

The ultimate gift for the person who has everything: (almost) unlimited private jet travel

With Christmas gift hunting an ever-arduous task, Air Partner has introduced a limited-edition £1 million JetCard, just in time for the festive season.

Perfect for the person who has everything, the JetCard – Air Partner's private jet membership programme - has a truly global reach so there's nothing stopping people from using their new present to travel the world entirely. It entitles cardholders to up to 86,625 nautical miles*, so they can lap the planet four times over, if they want!

Spanning six jet categories, £1 million Jet Card members will be able to book up to 225 hours of flying time.

This is where your hours could get you:

Over 100 visits to the White Isle of Ibiza in a Light jet

or

14 jumps over to New York with seven friends in a Large jet

or

Several long-haul adventures to the striking white sands of the Maldives and sundowners overlooking the Caribbean Sea aboard a spacious fourteen-seater Global jet.

or

A year's worth of private jet weekends away to Europe

In addition to - quite literally - having the world at their fingertips, JetCard members also enjoy an array of exquisite benefits that ally with Air Partner's unwavering commitment to providing above-and-beyond travel solutions. These include;

- A personal concierge service available 24/7/365 to provide an unrivalled lifestyle management service, facilitating any requests and tailor-made arrangements, as well as offering insider knowledge and unprecedented access to money-can't-buy events and the most exclusive establishments for one year.
- Invitations to Air Partner's curated calendar of partner events – from VIP supercar experiences to prestigious polo matches.
- An open bar, pre-stocked with travellers' favourite tipples – from champagne to freshly squeezed juices

- A five-hour credit bonus – if their hours ever run out, guests can keep flying a little bit longer, to ensure they can get home without having to call the bank

Speaking about the offering, Air Partner Director Julia Timms said “With the countdown to Christmas now on and inspired by a growing trend for JetCard purchases as landmark birthday presents, not to mention the ongoing trend for experiential luxury, we wanted to provide a truly unique gift for the person who has everything. In collaboration with the personal concierge service and a host of special extras we have sought to offer the ultimate gift – the experience of private travel”

Thanks to its fixed fully-inclusive rates, no expiry date of hours, guaranteed availability and no cancellation fees up until 7am the day before the flight, the JetCard is widely regarded as one of the most flexible private jet memberships available.
